

The background of the slide is a faded, high-angle photograph of the Pisa Cathedral and its Leaning Tower. The cathedral's facade is a masterpiece of Pisan Romanesque architecture, featuring a series of arches and a prominent central rose window. The Leaning Tower of Pisa is visible on the right side of the image, leaning slightly to the right. The sky is a pale, overcast blue.

One-Year Filmmaking Program

International Film and Acting School

Accademia Cinema Toscana

 **by Kata @IFAS**

One Year Immersive Filmmaking Program

Transform your passion for filmmaking into professional expertise through our comprehensive year-long program.

Hands-On Experience

Work with professional equipment from day one. Create multiple short films, documentaries, and a final thesis project. Get behind the camera within your first week of training.

Industry-Led Training

Learn from active film industry professionals. Master both technical skills and artistic vision through intensive workshops, practical sessions, and real production experiences.

Complete Filmmaker Journey

Cover every aspect of filmmaking - from scriptwriting to post-production. Access state-of-the-art facilities and equipment. Graduate with a professional portfolio and industry connections.
